M3

M3'S PROPRIETARY "SMART" A/P ENTRY AND DIGITAL IMAGE ARCHIVING AND RETRIEVAL PLATFORM.

INTELLIGENT IMAGING

Smart technology that **learns** and **grows** with our customers, their process and their procedures.

Ability to extract information from an invoice in a PDF format so no scanner requirements or limitations.

System becomes smarter over time as each invoice is imported so less manual validation is required in the future.

Permission-based Workflow.

Email notifications are generated for each step of the workflow process.
